Materials List

- * T-shirt
- * 4 pairs of long women's socks
- * InkJet Iron-on Transfer Kit (found in most retailer's office supply section)
- * filling or stuffing
- * digital artwork

Tools

- * sewing machine + thread
- * scissors

Step 1

Print your digital art on your transfer paper (This octopus artwork can be purchased from Design House Digital.com > Carina Gardner). Follow the instructions on the back of your transfer paper packet to attach artwork to the t-shirt. Use Dark T-Shirt Transfers for all shirts that are not white. See more detailed instructions in previous blog post at carinagardner.com.

Step 2

Stuff your filling into 6 of the socks. Do not OVER stuff.

Step 3

Sew the individual stuffed socks shut. Use a zig zag stitch and pull on the sock as sewing to accomodate stretching.

Step 4

Attach the socks to the t-shirt by placing the sewn end of the socks on the wrong side of the t-shirt. Sew along the bottom of the t-shirt (right side up) and attach a sock every 3-4 inches depending on the size of the t-shirt so that the legs are evenly spaced.

Step 5

Dress up! Put the extra pair of socks on her feet, put on the t-shirt with legs, a pair of shorts, and a beanie hat (add a flower for more sweetness).
